Sueanne Campbell requested the following changes be made to the public access television management contract: Amend contract so that service to the public is the number one priority; delete the clause requiring station managers to raise money.

Commissioner Rosenthal reported that the findings and recommendations adopted at last month's meeting on the RFP for public access TV management services were sent to the City Council in the form of a memo. <http://www.ci.austin.tx.us/telcommission/downloads/20100512bk-access-tv-findings-memo.pdf>
